

# PQA Plus® Site Assessment Rebate Program

The Wisconsin Pork Association has developed the PQA Plus® Site Assessment Rebate Program for pork producers who receive PQA Plus® Site Status by December 31, 2010. WPA is offering a \$75.00 rebate to Wisconsin pork producers completing a PQA Plus Site Assessment and returning the completed form below.

The following requirements and stipulations apply:

- Producer must have all site status paperwork completed.
- Producer must postmark the rebate form before January 15, 2011
- Limit of one rebate per production entity.
- No rebates will be mailed until November 2009.
- Rebate amount may not be more than the total assessment cost.
- Rebates available on a first-come, first-served basis until funding is exhausted

The Wisconsin Pork Association, National Pork Board and National Pork Producers Council are encouraging all producers to abide by the Statement of Ethical principals, become PQA Plus® certified, achieve site status and have their employees who are involved in handling and transport of animals become Transport Quality Assurance (TQA) certified. The purpose of this program is to encourage producers to be proactive in providing the best possible care for their animals and show commitment to the ethical principles of pork production as outlined in the WE CARE responsible pork initiative. Having a PQA Plus® advisor review your operation can both improve the well-being and productivity of animals in your care by noting changes or additions that may not otherwise be noticed.
