

*"I have had the privilege of using the Pork Shoppe Grille several times for a winter fundraising event. It has been an excellent experience each time we have held this event. The guests really enjoy watching the delicious meat come off the grill. The aroma of the cooking tantalizes taste buds! We always have numerous requests to have this dependable service return each year!", Polly Schluter-Punzel, Facility and Events Manager, Rotary Botanical Gardens, Janesville, WI*

# Grill Masters of the Wisconsin State Fair

The Wisconsin Pork Association offers full or partial catering services for most groups in the state of Wisconsin. We're best known for our grille, which slow roasts meat over a charcoal fire, while marinating in the process. Ever been to the Wisconsin State Fair and had a pork sandwich – That's who we are! Don't wait for August to come around, we can do the same thing for you any time of year! We've been on thousands of state fairgoers list of "must visit" while they're at the fair for 26 years.

We're not limited to just pork. While we have a certain preference for tender, juicy pork, we can do chicken or beef as well! Read on for more details.
