

The Wisconsin Pork Association invites you to explore the membership options available to youth, pork producers, and allied industry. As a WPA member, you will receive regular communications on important industry topics at both the state and national level. Further, choosing to become an Extended Benefits or SIP member provides a voice for you and other Wisconsin producers on issues front and center to the pork industry. Many additional benefits, worth over \$300 in value, are also provided to our paid members, as outlined below.

Membership Options

Free Membership—Pork producers and youth are eligible.

Extended Benefits—Pork producers, youth, and allied industry are eligible. The cost is \$50 and additional family members may be added for just \$10 each.

Strategic Investment Program (SIP)—Pork producers, contract growers and farm employees are eligible. Producers agree to have 10 cents/\$100 of value deducted by the packer for the SIP program. Farm employees can join for \$100 per year. Funds support efforts of the National Pork Producers Council at the federal level, and WPA's in-state representation. The ability to use these unrestricted funds better equips WPA and NPPC to respond to today's threats on the state and national level. ***Your enrollment in SIP is the preferred option.***
